

Wall Mount Air Ozone Generator + Ionizer

WMO/LC series

Technical Specifications :

Model No.	:	WMO/LC - 50;100
Make	:	Chemtronics [®] (Made in India)
Feed Gas	:	Dust & moisture free ambient air
Ozone Concentration	:	90.0 – 120.0 mg/m ³
MOC of Ozone Cell	:	SS 316/ Glass
Technology	:	Corona discharge
MOC – Enclosure	:	MS-Powder Coated
Color	:	Grey
Electric protection	:	IP 54
Cell Cooling	:	Forced Air cooled
Operating temperature	:	15°C – 35°C
Mounting/Installation	:	Wall mounted/ Desktop /Portable
Anion output	:	10 million per cc
Input power supply	:	220V/50Hz Ac

Features :

- Ozonizer with ionizer
- Compact design
- Light weight /portable
- Strong Steel body
- Plug & play
- Built in air pump – 5 LPM
- Built in cooling fan - 22 CFM
- Flexible extension tubing
- Built In Digital timer with display
- Commercial/ industrial Grade
- Ozone from ambient air

Mode :

Ozone : Programmable Digital Cyclic Timer

Anion : Programmable Digital Cyclic Timer

Operation :

Programmable digital timer for continuous operation.

Application :

- Air disinfection
- VOC reduction
- Air Odor reduction
- Enhance Indoor Air Quality(IAQ)
- Reduce sick building syndrome
- Fruits and vegetables disinfection by air
- Laboratory experiments on air.

Air Ozone Generator

Accessories :

Mains cord (Standard) : 2 meter

Enclosure (Optional) : SS 304

- Experiments of chemical oxidation
- Small area chemical reaction.
- Clean & sterile surface, glass wares, apparatus etc.
- Clean & Sterile surgical equipment.
- Cigarette smoke & smell
- Cold room / Cold storage
- Mosquito & flies repellent
